

Cincinnati Area Dentist

Family Dentistry
Colerain • Western Hills

If you have received a referral to a specialist and you find they are out of network please use the list below for alternative doctors. Please call our office at 513-923-1215 so we can transfer your radiographs and chart notes to the specialist office.

Dr. Khetarpal chooses the specialists she works with based on their quality of work and compassionate care. If you choose to go to someone that is not on this list there will be no guarantee that Dr. Khetarpal will continue with planned treatment. If you go to a general dentist (i.e. Aspen Dental) for any specialty work please let us know so you can continue comprehensive care with that general dentist. Dr. Khetarpal recommends only seeing one general dentist for best patient outcomes.

Endodontist (Root canal specialist):

- Dr. Timothy Kreimer <http://www.timkreimerendo.com/>
